"CRIME IN COLORADO - 1984"

This report documents that Colorado is not an island, remote and secure from the problem of violent criminal activity, or from the multitude of other crimes which so degrade the quality of life in America. We are all victims of crime, either directly or indirectly, and the monetary and emotional expense of our victimization is unacceptable. It is time for us to find new and better ways to defend our citizens from the outrage of unprovoked criminal attack.

The Colorado Department of Public Safety stands ready to support all Colorado law enforcement agencies as we move ahead together.

Sincerely,

DEPARTMENT OF PUBLIC SAFETY

COLORADO
DEPARTMENT OF
PUBLIC SAFETY

John N. Dempsey, Acting Director
Colorado Bureau of Investigation

1984 was a year of change in Colorado law enforcement. A Department of Public Safety was formed at the state level offering better coordination of state law enforcement services to all agencies. The Colorado Bureau of Investigation saw its Director of many years, John R. Enright, resign. During the period of time I was appointed as Acting Director of the C.B.I., I had a unique opportunity to participate in the future direction of this agency. Now, with the appointment of a permanent director, the C.B.I. should continue to grow.

Throughout its history the C.B.I. has always been an organization of service to local law enforcement. In turn, local agencies have supported the Bureau in its hours of need. One area of mutual concern is the tracking of criminal activity within our state.

This report provides the primary tool in keeping abreast of crime statistics at a statewide level. It is hoped this document will be used effectively by local law enforcement managers and by elected officials in our fight against crime.

Accurate and complete statistics are essential if we are to draw any valid conclusions about criminal activity. The 1984 annual report represents one of the most complete statistical summaries ever produced by the C.B.I.

INTRODUCTION

Two-hundred twenty-eight law enforcement agencies reported crime statistics to the Colorado Bureau of Investigation during 1984. This included 62 sheriffs' departments and 166 municipal and other local agencies.

The on-line incident by incident phase of the State Crime Statistics Program included 86 of the above agencies. This direct input is supplemented by the entry of the hard copy summary reports by the CBI staff. The statistics are collected and stored in the Colorado Crime Information Center (CCIC) computer.

Agencies reporting Part II offenses to the CBI via CCIC receive monthly and annual summary reports from the CBI concerning those Part II incidents.

TRAINING ASSISTANCE

The CCIC staff provides continuing quality control, monitoring, and training assistance to the personnel of over 250 criminal justice agencies statewide. This assistance insures that accurate, complete, and properly classified crime information is identified, recorded, and reported.

Files maintained related to crime, arrests, arrest disposition, fugitives, and stolen and/or recovered property. The CCIC staff also assures proper use by over 2,000 CCIC terminal operators of the state and national law enforcement telecommunications systems.

THE INDEX OF CRIME

The crime index consists of the seven most commonly reported offenses which compose the Part I crimes: murder, forcible rape, robbery, aggravated assault, burglary, larceny-theft and motor vehicle theft. (Excludes "manslaughter by negligence and simple assaults"). The tabulations on the following pages present a summary picture of Part I crimes for the State of Colorado. Reference to the Uniform Crime Reporting definitions of each of these crimes should be made for a more precise understanding of what kinds of criminal activity these statistics represent.

The seven index crimes are also divided into two groups to enable further analysis. The categories and their components are:

VIOLENT CRIMES
Murder
Forcible Rape
Robbery
Aggravated Assault

PROPERTY CRIMES
Burglary
Larceny-theft
Motor Vehicle Theft

For 1984 both the number of actual offenses reported and the rate of occurrence decreased. The crime rate is the number of actual crimes reported for every 100,000 inhabitants. Based upon a 1984 estimated Colorado population of 3,215,854 the crime rate fell 5.1% while the number of reported offenses decreased by 2.1%. Both the violent crime and property crime totals decreased in 1984. The chart below relfects those changes.

Summaries by Jurisdiction

The following pages summarize crime reported by type of offense, by reporting jurisdiction. If an agency name is missing, or if no reported crime is shown, it is because either no reports were received from those agencies, or they reported through their sheriff's offices.

Caution should be used when comparing one county's figures against anothers. There are eleven cities in Colorado that are in two or more counties. Obviously crime may occur throughout the city limits and in all counties effected. For reporting purposes however, the agencies totals are included under only one county. Following are the cities which cross county lines; next to each city is the county within which it is counted for statistical purposes.

PROPERTY STOLEN AND RECOVERED

Summaries by Jurisdiction

The next 32 pages reflect county-wide summaries of the value of property reported stolen and recovered. Each county report includes figures from all agencies in the county that made reports. The law enforcement agencies participating in the crime reporting program each have total figures for their respective jurisdictions.

Caution should be used when comparing one county's figures against anothers. There are eleven cities in Colorado that are in two or more counties. Obviously crime may occur throughout the city limits and in all counties effected. For reporting purposes however, the agencies totals are included under only one county. Following are the cities which cross county lines; next to each city is the county within which it is counted for statistical purposes.

COLORADO ARREST DATA

Submitting agencies are required to report monthly the number of arrests made for offenses committed within their jurisdictional limits.

There is no direct correlation between persons arrested, the number of offenses reported or the number of offenses cleared. Several persons could be arrested for the same offense or the arrest of one person may clear several offenses. A person is counted only once each time arrested. Therefore, if a person is arrested but wanted for several crimes within the same jurisdiction, he or she would be scored only once for the most serious crime in accordance with the hierarchy rule. The same process is applicable whether the arrestee is adult or juvenile.

Volume and Rate

Reported arrests in Colorado totaled 219,845 for Part I and Part II crimes in 1984. This represents an 8.1% increase over 1983. There were 6,836 arrests per 100,000 persons in 1984 as compared with 6,523 per 100,000 persons in 1983. Part I arrests accounted for 20.3% of the total arrests. Of those Part I offenses, Larceny-Theft comprised the greater portion with 70.5%. The greatest percentage of Part II arrests were for All Other Offenses (except traffic), 37.3%, followed by Driving Under the Influence, 18.3%. During 1984, arrests for violent crimes (Murder, Forcible Rape, Robbery and Aggravated Assault) accounted for 13.0% of all Part I arrests and 2.6% of the total arrests.

Arrests by Age

The number of persons under the age of 18 (Juvenile) arrests during 1984 increased 7.7% over 1983. Arrests of juveniles for Part I crimes increased .7% compared to 1983. The number of persons over the age of 18 (Adult) arrested during 1984 increased 8.2% over 1983. Arrests of adults for Part I crimes increased 1.1% compared to 1983.

Arrest by Sex

Of the 219,845 total arrests in 1984, the greatest percentage of arrests were male, 79.6%, a decrease of.8% over the 1983 total male arrests. Females accounted for 20.4% of the 1984 total arrests, an increase of .8% over the 1983 arrests.
